activities

## Awesome Personal Safety Device

It would keep me safer working after dusk.

Shoulder LED warning light is brand new portable safety light. It can be used for various fields e.g. traffic guidance of police, night patrols or urban management organizations with its light weight and small size. The flashing warning effect of high-intensity led can protect users from vehicles or pedestrians.

KUKJAE INDUSTRY Warning Shoulder Light Series				
Model	KJ-TXT-03		Power supply	Polymer lithium battery
Operating voltage	3.7V		Weight	70 g
battery capacity	500 mAh		Dimension	78X36X26mm
